NOTES

[illegible]

I need hardware for this sail, please allow for this when calculating the size

□

I have hardware for this sail, please make an allowance of [] at each fixing point for these.
(If these are different at each point, mark these on your diagram.)

11

I know the exact sail size I need and have provided the finished sail size

□

DIMENSIONS DIAGRAM

A blank grid for a dimensions diagram. The grid is 20 columns wide and 20 rows high. The first row is labeled with the text 'DIMENSIONS DIAGRAM' in the first 10 columns. The remaining 19 rows are empty.

Measurements (MM)

A-B	
B-C	
C-D	
D-A	

Heights (MM)

Post

Building

A			
B			
C			
D			

[For the perfect stretch compensation we need to know if the sail is attaching to poles or a building]
